**Expiration:** March 31, 2023.

**Type of Request:** Renewal without revisions of an information collection.

**Abstract:** The Agency requires special use authorizations involving explosives management to include clause B-29 in Forest Service Handbook 2709.11, Chapter 50, section 52.2 to improve security and administration of explosives magazines that are authorized under a special use authorization. To allow the Forest Service to monitor holder compliance with clause B-29, the revised directives require holders of an authorization containing the clause to submit certain documentation annually as part of their operating plan. The required documentation includes copies of a log containing the date and type of magazine inspections (including inspections required every seven days) and the date all deficiencies identified in any magazine inspection report were corrected; copies of any magazine inspection reports; a copy of the holder's current ATF-issued federal explosives license

or federal explosives permit, if applicable; and a copy of a log containing the date of the most recent magazine lock and key replacement.

**Estimate of Annual Burden:** 10 minutes.

**Type of Respondents:** Holders of a special use authorization authorizing the storage and use of explosives.
